Stick-Ems™ Level Pegs

Stick-Ems™ Level Pegs are used to achieve a level surface. Use them with your leveling unit. Cut to height and stick this flexible, self-adhesive rubber / vinyl peg right to the substrate. Pour leveling product right over the top. The peg will not float to the surface and becomes part of the cement matrix. Gauged in millimeters up to 65 mm (2-1/2").

Small (65mm) Pack of 100	Description
46280	Stick-Ems™ Level Pegs

Mixing Barrels

Mixing barrels can be hard to come by, reconditioned or new. The 15 gallon mixing barrel (European style) with fixed side handles and sealing lid is the standard. Used to mix more cementitious materials prior to application.

- HD polyethylene
- Belted lids
- Web or pegged handles
