

CAM® Gauge Rakes

U.S. Patent 5,606,763

A patented "goof-proof" tool which applies materials at a precise, uniform depth. Apply decorative concrete "toppings," self leveling / high performance floor coating materials, and underlayments. CAM® depth settings range from 1/32" to 1-1/2". Includes an aluminum frame with either a threaded handle adapter or a powder-coated aluminum handle. Choose your frame size and handle option and then choose your CAM® set. Frames and sets are sold separately.

When one contact point wears down, you simply loosen the wing nut and rotate the CAM® to a fresh contact point. We use a "radial" edge design which maintains uniform coating thickness, even at varying handle angles and lengths.

CAM® GAUGE RAKE FRAMES AND CAM® SETS ARE SOLD SEPARATELY

- Head widths from 10" (hand-held) to 48". CAM® sets in depth settings from 1/32" to 1-1/2".
- The CAM® Gauge Rake is available with a milled threaded handle adapter or a 66" powder-coated aluminum handle. The 10" CAM® Rake is used for small areas and counter tops and has its own fixed handle with grip.

Midwest Rake® CAM® Gauge Rake

- Threaded Handle Adapter (Frame Only)
- CAM@s Sold Separately - See p. 11

12"	24"	36"	48"
57030	57000	57010	57020

Midwest Rake® CAM® Gauge Rake

- 66" Powder-Coated Aluminum Handle (Frame Only)
- CAM@s Sold Separately - See p. 11

12"	24"	36"	48"
57031	57001	57011	57021

Midwest Rake® CAM® Gauge Rake

- 82" Powder-Coated Aluminum Handle (Frame Only)
- CAM@s Sold Separately - See p. 11

12"	24"	36"	48"
57032	57002	57012	57022

57044 Midwest Rake® CAM® Gauge Rake Frame

- 10" Hand-Held Handle w/Grip
- CAM@s Sold Separately - See p. 11

Helpful Hint...

In many applications, gauge rakes can do the work in half the time it takes to use a squeegee... and with greater precision.
