

Stand-Up Membrane Slitter

- Lets you work standing up instead of on your hands and knees!
- Slices through roofing membrane accurately and easily!

NEW!

- Everhard's new Standup Membrane Slitter cuts straight or curved lines.
- Removable slitter cartridge uses standard, easily replaceable utility blades.
- The unique design helps prevent accidental punctures and the slitter won't damage the surface under the membrane.
- Yellow pointer helps user to follow scribed lines.
