

Convertible Seam Rollers

Convert your hand rollers to stand-up rollers in seconds!

- The convertible roller's cushion-grip handle has a threaded insert allowing it to screw onto a longer extension handle (optional and sold separately), instantly creating a stand-up seam roller.
 - You have the ability to unscrew the long handle to get a hand roller when needed.
- 5-1/2" cushion-grip handle provides comfortable, no-slip grip
 - Perfect for hands-on work, when getting close to the work area or with the long handle when stand-up seaming is required.

MODEL #	DESCRIPTION	OLD WEIGHT	NEW WEIGHT

MR05260	Silicone seam roller, 2" dia. x 4" wide, double forks	2.420 lbs.	2.000 lbs.
MR02400	Optional 60" fiberglass handle (sold separately)	1.031 lbs.	

Heavy Membrane Rollers

These heavy steel rollers are ideal for peel-and-stick and self-adhering membrane systems.

- Designed for rolling out and pressure-setting membranes, eliminating bubbles, waves, folds, and crimps.
- Lighter models are good for field and sidelap areas with thinner membranes. Heavier model is best for pressure-setting membrane adhesive, using three independently turning rollers, which allow easier U-turns.
- Model MR02470's roller has more rounded corners than the other models.

MODEL #	DESCRIPTION	WEIGHT
MR02490	Heavy membrane roller, 2-1/2" dia. x 18" wide x 40-3/8" high, 32" detachable handle	34.950 lbs.
MR02500	Heavy membrane roller, 4-1/2" dia. x 15" wide x 40-1/2" high, 32" detachable handle	79.000 lbs.
MR02470	Heavy membrane roller, 3-1/2" dia. x 6" wide x 52-3/8" high, 48" handle	22.000 lbs.
