

GOT A TEMPERATURE PROBLEM?

“

Your blankets have been wonderful to work with. Our totes are outside and have been kept warm and protected from the harsh conditions here in the cold Rocky Mountains. We have loved the functionality of these blankets because they are extremely easy to wrap around our totes, strap shut, plug in, and maintain desired temperature with the thermostatic controllers.

”

Eric

A Colorado Energy Company

WHY CHOOSE POWERBLANKET® TOTE HEATERS?

- Eliminate the hassle of storage heating requirements
- Easily installed or removed
- Safe to use outdoors in rain, wind or snow
- Thermostatic controller adjusts temperature to your needs
- Keep liquids & chemicals within safe temperature ranges
- UL/CSA/CE certifications mean Powerblanket products are safe

GOT A LARGE OR ODD-SHAPED CONTAINER?

With Powerblanket's custom design capabilities you can heat anything you need.

IF YOU CAN BUILD IT, PRODUCE IT, OR STORE IT,
powerblanket patented technology CAN HEAT IT!
