

Float like an Eagle

WOOSTER® Epoxy Glide™

Achieve uniform finishes with this professional Wooster product engineered for floor coatings. Epoxy Glide is designed to quickly and evenly back roll floor epoxies and urethanes, waterborne or solventborne. The innovative fabric provides excellent pickup, release, and flow without causing stipple in the finish. Very low lint characteristics make it perfect for smooth application. It lays down and levels out the coating like no other applicator.

Epoxy Glide

- Exclusive, shed-resistant fabric for all floor epoxies and urethanes
- Great release and flow for smooth results
- Green™ double-thick polypropylene core resists solvents and cracking
